Which is your favourite piece
of jewellery that you own?
Why is it special to you?

Aluminium is not just 100% recyclable,
it's infinitely recyclable.

Switzerland Comes First For Chocolate Consumption

Per capita chocolate consumption in selected countries in 2017 (in kilograms)

Source: Lindt via Euromonitor

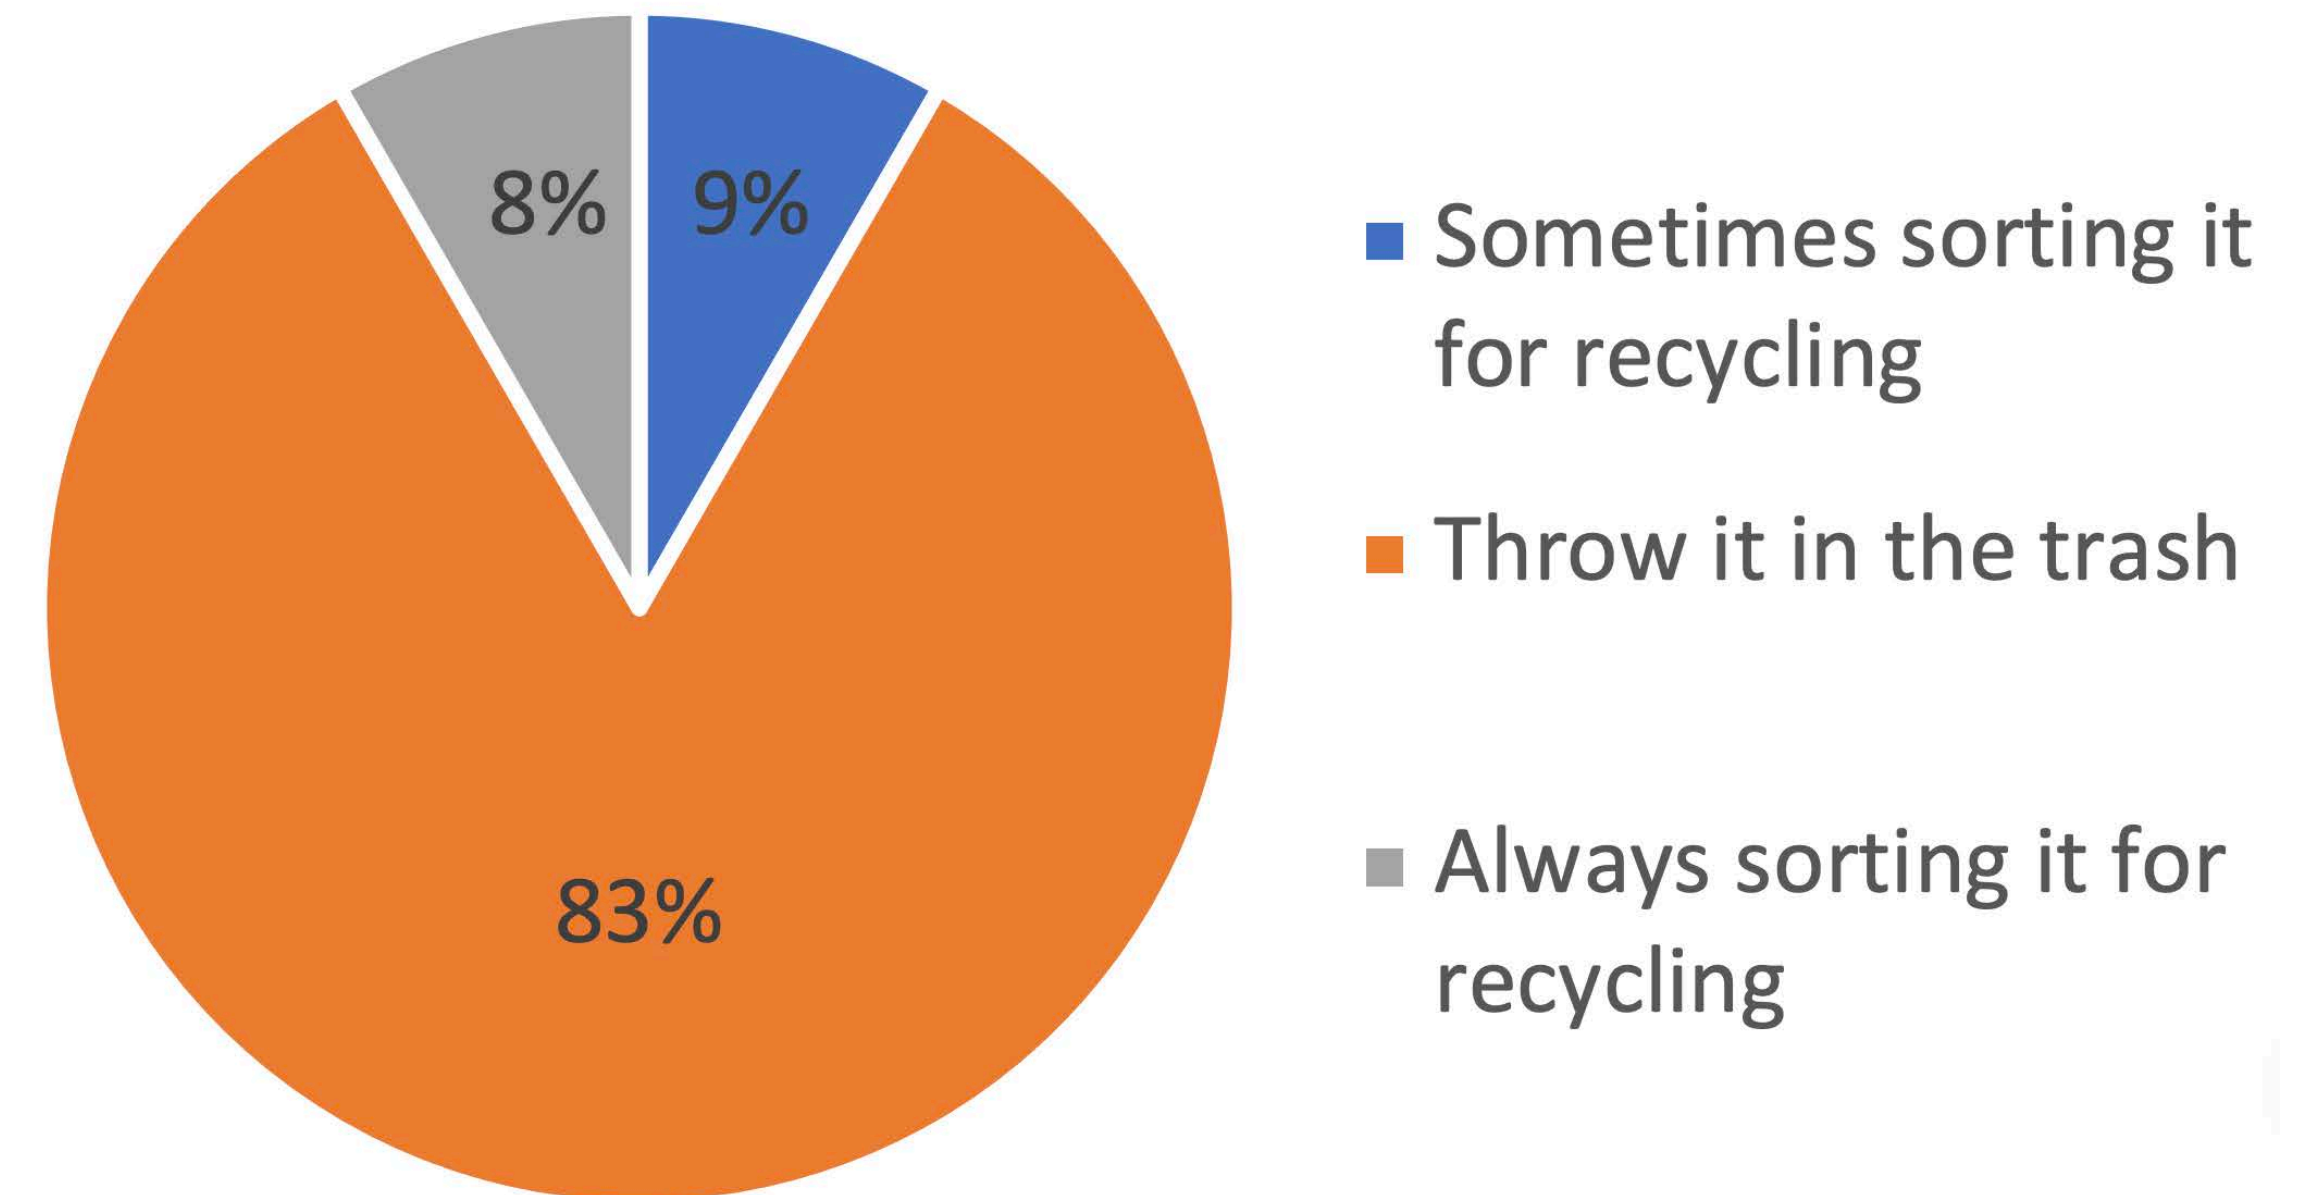

<https://www.statista.com/chart/3668/the-worlds-biggest-chocolate-consumers/>

After you finish eating chocolate, what do you do with the chocolate foil?

Aluminium is not just 100% recyclable, it's infinitely recyclable.

Experiments and Prototypes

Repair

How does the..

Materiality

*...of the product develop and change over
time through use*

**Give The Product
Personality**

How can we create a sense of ...

Consciousness

*...within the product
interaction journey*

Workshop 3
Event

Promote
Connection &
Community

How does the...

Identity

*...of the product and the user
co-exist within the
interaction journey*

Promote
Self
Discovery

How does the...

Identity

*...of the product and the user
co-exist within the
interaction journey*

Workshop 4
Family

How can we build and capture...

Narratives

*...that exist between
products and users*

**Consider
Gift Giving**

Co-design ideas

Lucky Number
or Initials

A good relationship is a process of merging the cultures and personalities of two separate individuals.

Create a
Ritual or Habit

How can we build a...

Relationship

*...that is emotionally rich and engaging
between products and users*

igora_alu_recycling Valentine's Day has just passed, and that special chocolate you received from your loved one is gone without a trace. What if you could make that feeling last forever?

Now Easter is approaching, and tons of 100% recyclable golden foil from sweet chocolate bunnies will end up in the trash. This Easter, let's do something different!

Yilin's project aims to use chocolate foil as a medium for everyone to design their jewellery. Thus enhancing the meaning of jewellery beyond its material value and promoting sustainable jewellery, as well as encouraging everyone to recycle aluminium foil. Em.W. Jewellery

Bald zieren wieder unsere Schoggi-Eili in buntem Alupapier die Osternästli und Osterbrunch-Gedecke 🐰. Die wiederverwertbare Folie landet dabei meistens direkt im Abfall. Das muss aber nicht sein, sagt sich Schmuckdesignerin **Yilin Wang**. Als Teil ihres Master of Design an der **HSLU Hochschule Luzern** Design & Kunst stellt sie darum Schmuck aus Schokoladenfolie her.

Eine schöne Sache: So wird aus dem **#FREY**-Eili auch nach dem Genuss eine bleibende **#Erinnerung**. 😊

#kunst #design #pioniergeist
