

The World Innovations Forum

Lucerne Switzerland, June 6 - 8, 2018

is “enabling a global exchange for innovative minds” helping entrepreneurs to bring their solutions successfully to global markets – beyond just inventing, and double the startup success rate in the next 20 years.

**We are currently building
a global volunteers network and
are looking for motivated people to join.**

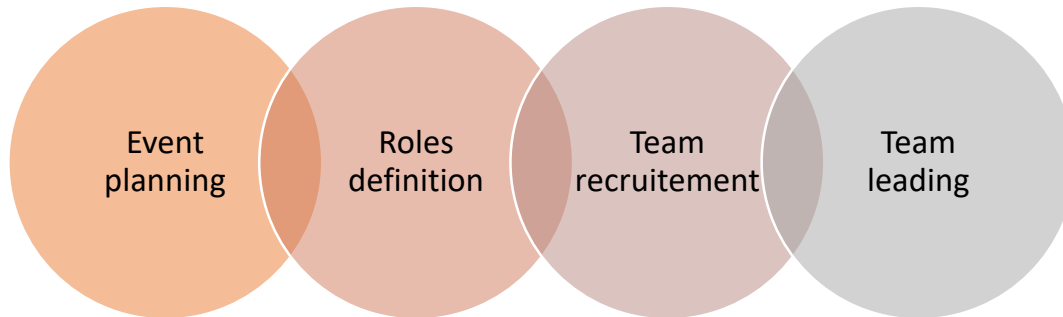

Why engaging for the WIForum?

- Take over a **leadership or a supporter role and contribute to a global event**
- Extend your **network with influential people.**
- Get an **extracurricular recording registered in your final diploma at the Hochschule Luzern**

Be the first WIForum Organizing Committee

A selected team of 10 students from the Lucerne University of Applied Sciences and Arts will be involved with:

The WIForum Spirit

Volunteers will have profound **influence** in the program development and help shape the event structure. They are asked to **inspire** and **induce** other students to join the organizing team and participate to make the outcome of the event become a success.

Inspire – Influence – Induce

As a Member of the Organizing Committee you will help us shape the event and perform a wide range of essential duties. A dedicated and thoughtful volunteer network will make a big difference in the experience and smooth running of the event for every person involved as well as for the attendees.

Application

Your engagement will start after the interview and end in June 2018, with the World Innovations Forum taking place.

Use the application to explain why you want to volunteer, your skills, passions and interests and what attracted you to be part of the WIForum Organizing Committee. We ask you to provide us via e-mail:

- Your CV
- Your availability (Estimated time per week: 6 - 8 hours)
- Most importantly: some relevant information about yourself and why you want to volunteer.

We are looking forward to your application.
